REINSTATEMENT OF SLA's 426, 436 - OIL, GAS AND HYDROCARBON LEASES

On November 11, 1980, SLA's 426 and 436 were rejected because the Division of Wildlife Resources did not consent to the issuance of these leases due to existing facilities and development in the area. Upon reconsideration, however, the Division of Wildlife Resources consented to the issuance of "non-occupancy" blocking type lease on these lands and the applicant has expressed a desire to accept such leases; therefore, upon recommendation of Mr. Blake, the Director approved SLA 426 and 436, as described below, with stipulation that no surface occupancy will at any time occur by the lessee or his agents.

SLA 426 Jones, Dorothy P.O. REJECTION OF MINERAL LEASE APPLICATION 34304

Mineral Lease Application 34304 was submitted to this office in the belief that there were some lands in the S $\frac{1}{2}$ SW $\frac{1}{4}$  of Section 16, Township 26 South, Range 11 West, Salt Lake Meridian, which might not be covered by an existing lease or patented mining claims on this area. After carefully checking the status of this section, all of the State lands in the S $\frac{1}{2}$ SW $\frac{1}{4}$  are covered by Metalliferous Minerals Lease ML 22018, therefore, upon recommendation of Mr. Prince, the Director rejected this application.
